## WHAT IS THE IMPORTANCE OF USING AN INNER LENS IN MY BLAST HELMET?

### THE INNER LENS ON A BLAST HELMET IS YOUR LAST LINE OF DEFENCE

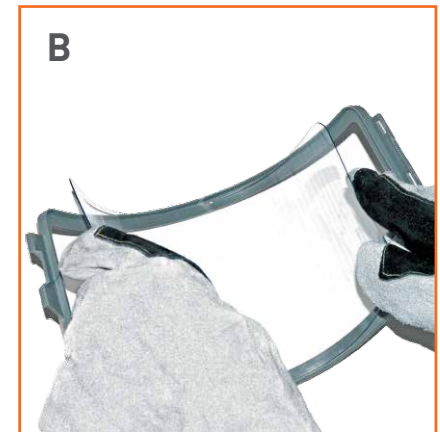

#### Two easy steps

#### “30 Second Swap” Inner Lens System

The patented inner lens system reduces downtime to a minimum. The procedure is quick, clean and easy – even while wearing blasting gloves.

**A** Simply unclip the lens frame and remove it from the helmet

**B** Remove the old lens and replace it with a new lens. Clip the frame back into place!

**Are your eyes worth more to you than the 30 seconds it takes to install an inner lens?**
