- All rentals are also subject to BlastOne Standard Terms & Conditions of Sale
- If the rental is to be on credit terms, Customer must have signed a BlastOne Credit Application and had it approved prior to the commencement of any rental. If an approved Credit Application does not exist, a credit card needs to be provided.
- The price listed for any equipment which has a Diesel engine is based on usage of 8 Equipment Hours/day (24 Hour Rental Period), 40 Equipment Hours/week (7 Day Rental Period), or 160 Equipment Hours/month (28 Day Rental Period). Any additional usage to this is charged at a per hour cost.
- Prices are exclusive of any Sales Tax – this will be added to the invoice unless a tax exemption form is submitted to BlastOne.
- All quoted pricing is subject to verification upon an official Purchase Order.
- Availability of equipment is subject to in-hand commitments.

## ADDITIONAL CHARGES FOR SPECIFIC EQUIPMENT

### STANDARD CLEANING CHARGES

It is the renter's responsibility to return the equipment to BlastOne in its original state (less normal wear and tear), cleaned and free of any abrasive/dust, etc. There will be a charge if the equipment is not returned in the required state. Some equipment has a standard cleaning fee charged at the commencement of the rental regardless of state returned– see below. This is because BlastOne has to perform extensive cleaning once the equipment has been returned regardless of how clean the equipment is.

ITEM	COST \$
MegaBlaster not returned completely empty or clean	\$750.00
Small Blast Pot not returned completely empty or clean	\$250.00
Dust Collector not returned completely empty, pulsed and clean	\$1,250.00
Dust Collector Ducting not returned completely dust free	\$100.00 ea
Vacuload not returned completely empty, pulsed and clean	\$750.00
Hoses not returned clean and coiled	\$50.00 ea
Decon Cleaning Charge – charged upon commencement of rental	\$400.00
AirPrep not returned clean	\$75.00
Blue Wizard not returned clean	\$50.00
Helmet Sanitization charge – charged upon commencement of rental	\$25.00 ea
Spray Pump Cleaning Charge – charged on commencement of rental	\$650.00

### OTHER STANDARD CHARGES

ITEM	COST \$
Environmental Fee	1.3% of total invoice value
Diesel/Fuel If a diesel powered unit is rented, BlastOne supplies the unit full of Diesel. It is the renter's responsibility to return BlastOne with a full tank of fuel. If the tank is not full, the amount of diesel used to fill the tank full is charged onto the customer	\$7.95 per gallon

### ONSITE SERVICE CHARGES

Sometimes BlastOne will be called to site to do maintenance/service work on rental equipment. In the case of the renters inattention/inexperience a service call will be chargeable (if it is not the equipment or BlastOne's fault).

ITEM	COST \$
Hourly Rate per man on site	\$125.00 / hr
Hourly Rate for travel (travel is from time tech leaves until his return)	\$75.00 / hr
Travel mileage rate	\$0.75 / mile
Air travel fees	Cost + 10%
Weekend/Holiday work	x 1.5 for all fees

The image shows two industrial vacuum systems. On the left is the 'INTERACTIVE' system, which consists of a large cylindrical vacuum chamber mounted on a metal frame. A blue and white striped bag is positioned below the chamber's outlet. On the right is the 'VACU LOAD 4' system, which is a more complex unit with various pipes, valves, and a control panel. A yellow hose connects the two systems.

>

[★ Leave a Review](#)

"I am still impressed with the support from Blast One. In my interactions with your employees, I feel that we are being treated as honestly as I have ever seen from any other vendor. We appreciate it! Thank you."

**Richard L.**

"I deal mainly with Jay and Amanda, Jay for product/process issues and Amanda for ordering the items. Both are excellent! We are well taken care of and thankful to have access to them."

**Greg M.**

"I love the support I get from BlastOne, Brandy makes me feel like I'm your only customer and helps at the drop of a hat with anything I need. "

**Brian S.**

## CONTACT BLASTONE

Reliability and Fast Technical support for equipment is imperative on any project site and BlastOne® has service technicians near you. BlastOne® is there when you need help – 24/7.

BlastOne® Dust Collectors have an unsurpassed record in the industry, for cartridge life and performance. Recycling your spent abrasive has never been easier with the Combi™ Garnet Recycling System – it will get your dirty garnet the cleanest you have ever seen!
